

How "Green" are you?

	Yes	No
Reprocess Medical Devices?	<input type="checkbox"/>	<input type="checkbox"/>
Utilize a non-toxic process?	<input type="checkbox"/>	<input type="checkbox"/>
Re-using a device up to 10x?	<input type="checkbox"/>	<input type="checkbox"/>

SAVE the Planet & Reduce Costs

or

KILL the Planet & Increase Costs

Guaranteed 30% Savings
(compared to sterilization)

ReNu Medical provides High Level Disinfection (HLD) reprocessing for non-invasive medical devices. Partnering with ReNu, facilities are guaranteed to save the environment from toxic chemicals, maximize the number of times a device can be re-used and reduce the number of devices going into the landfills.
